

QUEENS OF DECEIT

QUEENS OF DECEIT is a high-gloss vertical drama set in a world where power is intimate, loyalty is temporary, and every relationship comes with a price. When two formidable businesswomen, once united by ambition, become locked in a ruthless rivalry, their battle spills far beyond the boardroom and into the lives, beds, and secrets of everyone around them.

As each woman fights to protect her empire, private betrayals begin to surface through illicit affairs, shifting allegiances, blackmail, and hidden vulnerabilities that threaten to ruin reputations and destroy carefully constructed lives. In a world fuelled by desire, status, and control, lovers become leverage, trust becomes dangerous, and even the most personal decisions carry devastating consequences.

Driven by emotional jeopardy, erotic tension, and escalating acts of deception, QUEENS OF DECEIT unfolds as an addictive, fast-paced series of reversals, seductions, and strategic betrayals. With no clear line between love and manipulation, the series promises a volatile clash between two women who will do whatever it takes to win, even as the cost of victory becomes impossible to contain.
