

LAST PASSENGER

A high-pressure vertical thriller set across one long, brutal night. When a struggling private hire driver picks up a terrified young woman near the end of his shift, he assumes he is helping someone in trouble. But after she bolts from his cab at a petrol station, leaving behind a sealed package and a phone, his ordinary night is violently pulled off course.

The call that follows changes everything.

Watched in real time and forced to stay on the road, he is ordered to complete a deadly overnight delivery as anonymous criminals close in on his family. Every stop deepens the trap. Every instruction tightens the pressure. And the more he learns about the package left in his car, the more he realises he has not been dragged into a routine criminal hand-off, but into a live recovery operation with far wider consequences.

Driven by surveillance, family jeopardy, and an escalating chain of threats, LAST PASSENGER is a tense, contained thriller about coercion, hidden systems, and an ordinary man pushed to the edge of what he will do to get his family home alive.
